

Bathroom Spoons

Liz Lawrence

It would be nice to roll away down this hill
I guess we'll take it day by day and we'll see it
I hope that you will be ok my dear
There's always time for better day around here

Ahh...

I think your mind has run away without you
And you're seeing faces upside down in coffee spoons
But I know that you will be ok my dear
There's always time for better day around here

Ahh...
