

Chainsmoking

Liz Lawrence

Blocking out
All those years I'm crossing out
'Cause I'm not here when I'm blacking out
Inflicting time on myself

Chainsmoking, blaming the weather
Get my heart broken by a breeze
And I'm always open, I will be better
Keep your arms open to my needs
And please don't get tired of me

Hush now
All these fears I'm passing out
Plays allegiance to my doubt
And I know you could do without

Chainsmoking, blaming the weather
Get my heart broken by a breeze
And I'm always open, I will be better
Keep my arms open to your needs
And please don't get tired of me
And please don't get tired of me

Chainsmoking, blaming the weather
Get my heart broken by a breeze
And I'm always open, I will be better
Keep my arms open to your needs
And please don't get tired of me
Please don't get tired of me
