

# Simple Pleasures

Liz Lawrence

Got your number scratched on the back of my hand  
I got a roadway map at the side of the bed  
I've got a plan to get us out  
I've got a plan to get us out  
I got a worn '06 but at least it's a car  
I got a little bit of money which should take us so far  
I've got a plan to get us out  
I've got a plan to get us out

Riding with the windows down  
We can live our simple pleasures  
Say we've got enough for now  
Living off simple pleasures

Minute [?] minute, gotta keep on course  
We got a little dusty for some moral support  
We're gonna find the way out  
We're gonna find the way out

Let's keep going, let's keep going  
Let's keep going now  
Let's keep going, let's keep going  
Let's keep going now  
Find the way out  
We're gonna find the way out

I'm riding with the windows down  
We can live our simple pleasures  
Think we've got enough for now  
Living off simple pleasures

Are you feeling better?  
Are you feeling better yet?  
I'm riding with the windows down  
Are you feeling better?  
Are you feeling better yet?  
Say we've got enough for now  
Are you feeling better?  
Are you feeling better yet?  
I'm riding with the windows down  
Are you feeling better?  
Are you feeling better yet?

I'm riding with the windows down  
We can live our simple pleasures  
Say we've got enough for now  
(Are you feeling better?  
Are you feeling better yet?)  
I'm riding with the windows down  
We can live our simple pleasures  
Say we've got enough for now  
(Are you feeling better?  
Are you feeling better yet?)
