

Strut

Liz Lawrence

Gotta go out to a bar just to find it
Somewhere between the back room and the pool table
I couldn't find it in the last place I saw it
Huh

Somewhere between my dreams and the fruit machine
I'm out looking to feed my hungry ego
And I don't see it as wrong as long as you don't
And all this sitting at home has got me down

Strut
Strut

I'm about to make my bid for freedom
Leave my doubts at home 'cause I don't need them
Extra special extra weird extraverted
Nuns are lining the block to be converted
