

Violent Speed

Liz Lawrence

Send my love to my girls
And take me back, take me back
Before the change came like a car
Through the living room wall at a violent speed
And it tore my head from my neck
Now it's rolling around at a violent speed

Was I even there, when the here was now?
Hope it's a minor thing, occupy my brain
Did even look when you said can you see?
Some minor thing, it was a minor thing
It was a major loss in the grand scheme
It was a major loss
