

All Them Boys

LIZ

All of them boys
All them before
All them got nothin' on the one I'm talkin' 'bout
Here in my heart
Here in my soul
Here, he the one
I want to give all my love to

Yeah he can get it good, uh-huh
And I'mma let him do all the things he wants to
No, I won't stop what's comin' on
And I don't care who knows

I knew a love like this before
Deep in my heart, deep in my soul
You found it, unlocked the door
You've got me all
I knew a love like this before
Deep in my heart, deep in my soul
You found it, you unlocked the door
You've got me all

All of them others
Hatin' on him
All them ain't shit on my boy
No, not my baby doll
I swear he's got the biggest of them all
Yeah, he can get it good
I won't stop what I got comin' on

I knew a love like this before (love like this before)
Deep in my heart, deep in my soul (in my soul)
You found it, unlocked the door
You've got me all
I knew a love like this before
Deep in my heart, deep in my soul
You found it, you unlocked the door
You've got me all

My baby, he winnin', he winnin', yeah
My boy got me simpin', I'm simpin', yeah
He got my watch
He got my time
He my rollie, long as he mine
Know I'mma spend it all
He throw it up
I give it up
He want some more
I got enough for him
I'm never running out of love

I knew a love like this before
Deep in my heart, deep in my soul
You found it, you unlocked the door
You've got me all
I knew a love like this before
Deep in my heart, deep in my soul

You found it, you unlocked the door
You've got me all

I knew a love like this before
Deep in my heart, deep in my soul
You found it, you unlocked the door
You've got me all
I knew a love like this before
Deep in my heart, deep in my soul
You found it, you unlocked the door
You've got me all
