

Automatic

LIZ

I woke up feelin' like
You lost me yesterday
Had me trippin' for a minute
Now, it's time for shit to change

You send me hearts, I don't reply
I can see the panic
Cause, when I'm here, you disappear
And when I'm done, you pop up like magic

Yeah, you may be unbelievable
What, you think I'm gonna chase 'ya?
Baby, you're replaceable
Yeah, you wasted time
And, now I'm gone
My heart ain't automatic
You only want it when you can't have it

So, I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait
So, I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait

You hit me up
Late at night
Thinkin' it's the same
I'm no longer where you want me
You're the only one to blame

You always tried to keep me on
Charged at 5 percent
You should've paid attention
You can't turn me on like it's magic

Yeah, you know you've got it goin' on
What, you think I'm gonna beg for it?
Baby, you're replaceable
Yeah, you wasted time
And, now I'm gone
My heart ain't automatic
You only want it when you can't have it

So, I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait
So, I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait

I won't wait, I won't wait
I won't wait, I won't wait

I won't wait, I won't wait
I won't wait, I won't wait
So, I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait
I won't wait, I won't wait
