

## Cool with It

**LIZ**

I'm too cool for the cool shit  
I'm too cool for the new shit  
I'm too cool for the bullshit  
I'm even too cool for my own shit  
And I'm cool with it  
I'm cool with it

I'm gettin' my fix  
From all the likes and clicks  
Start feelin' all sick  
This shit is poisonous

But I ain't that slick  
I'm bein' fooled by my own tricks  
They gone, they dismissed  
Cause I'm better than this

I'm too cool for the cool shit  
I'm too cool for the new shit  
I'm too cool for the bullshit  
I'm even too cool for my own shit  
And I'm cool with it  
I'm cool with it

Guess I must confess  
I got a bag of regrets  
Tried to flash 'n flex  
Impress the mess  
Who were never my friends

But I ain't that slick  
I'm bein' fooled by my own tricks  
They gone, they dismissed  
Cause I'm better than this

I'm too cool for the cool shit  
I'm too cool for the new shit  
I'm too cool for the bullshit  
I'm even too cool for my own shit  
And I'm cool with it  
I'm cool with it

[illegible]

Cool with it  
Cool with it  
Cool with it  
I'm cool with it
