

# Everybody

LIZ

Yeah  
I wanna feel it  
Don't you wanna feel it?

By the ocean at midnight  
Gettin' wet in the moonlight  
I can tell that I won't go to sleep  
But we don't need to sleep, yeah yeah  
Life is fast, gotta slow down  
I don't care where we go now  
Got my heart in your hands  
Make it hearts in the sand, yeah yeah

The neon dream lights in the sky are on your eyes  
And I wouldn't wanna be anywhere else

Everybody move your feet  
To the rhythm of this beat  
Everybody sing this song  
'Cause you're somebody's someone  
Everybody move your feet  
To the rhythm of this beat  
Everybody sing this song  
'Cause you're somebody's someone

If you came here on your own  
Just know you're not alone, yeah  
This ain't a solo  
So open your zone to it  
And if you wanna lose yourself  
Get outa your own way  
Livin' every day like it's a holiday, yeah yeah

Everybody move your feet  
To the rhythm of this beat  
Everybody sing this song  
'Cause you're somebody's someone  
Everybody move your feet  
To the rhythm of this beat  
Everybody sing this song  
'Cause you're somebody's someone

Everybody dance  
Make the feeling last  
I wanna feel it  
Don't you wanna feel it?  
Everybody dance  
Make the feeling last  
I wanna feel it  
Don't you wanna feel it?

Everybody move your feet  
To the rhythm of this beat  
(Don't you wanna feel it?)  
Everybody sing this song  
'Cause you're somebody's someone  
(Don't you wanna feel it?)

Everybody move your feet  
To the rhythm of this beat  
Everybody sing this song  
'Cause you're somebody's someone  
Everybody move your feet  
To the rhythm of this beat  
Everybody sing this song  
'Cause you're somebody's someone  
Everybody move your feet  
To the rhythm of this beat  
Everybody sing this song  
'Cause you're somebody's someone

Everybody dance  
Make the feeling last  
I wanna feel it  
Don't you wanna feel it?
