

# Hush

LIZ

Hey, hey  
I'll throw the game for you  
Keep it on the low  
I'll let you win if you're  
Hush-hush-hush

Go'n and cock your gun  
Baby, take a shot  
My body is the target  
Aim for my spot  
If you get me good  
I'll show you love  
Yeah, if you hit me hard  
I'll open up  
Now, I know it ain't so good  
But, I'll take the chance  
My hands are free to roam  
I got time for bad  
You got just what it takes  
To put me on  
So, go on, take control  
If you're feelin' strong

Love me, love me  
Down, down, down, down, down  
Give it to me now, now, now, oh  
I know just what you want  
And what you want is me

Hey, hush up now  
Hey, take me down  
Boy, I'll play for your team  
Keep on the low  
I'll let you win if you're hush about the score  
Hey, shut up now  
Hey, do it right now  
I'll throw the game for you  
Keep it on the low  
I'll let you win if you're hush about the score

Show me where you're parked  
Let's go for a drive  
With the windows down  
I wanna feel the ride  
Throw me for a curve  
I like it rough  
Yeah, wrestle me around  
And speed it up  
No need to hit the brakes  
Keep it on the gas  
Got a full tank  
Can you make it last?  
If it rides good I'll show you love  
Yeah, if we crash hard  
I'll open up

Love me, love me

Down, down, down, down, down  
Give it to me now, now, now, oh  
I know just what you want  
And what you want is me

Hey, hush up now  
Hey, take me down  
Boy, I'll play for your team  
Keep on the low  
I'll let you win if you're hush about the score  
Hey, shut up now  
Hey, do it right now  
I'll throw the game for you  
Keep it on the low  
I'll let you win if you're hush about the score

I can rock your world  
If you take me on  
If you put me on  
Yeah, can you make it hurt  
If you put it on  
Just put it on

Hey, hush up now  
Hey, take me down  
Boy, I'll play for your team  
Keep on the low  
I'll let you win if you're hush about the score  
Hey, shut up now  
Hey, do it right now  
I'll throw the game for you  
Keep it on the low  
I'll let you win if you're hush about the score

Score  
Hush about the score  
Score  
Hush about the score  
Hey, hey  
I'll throw the game for you  
Keep it on the low  
I'll let you win if you're hush, hush, hush
