

Jawbreaking The Rules

LIZ

I got used to the crew
But, I'm through with them
You do it better
Rough and tough, a go-getter
You write me love letters
You're different, let's kick it
You're twisted, I'm with it
Designer, unzip it

Get it, you the hitter, and I wanna hit it now
Fizzy, feeling dizzy, gimme
Keep on holding down, boy
You want it, you got it
Can tell that you feel it
Gimme that sugar rush

You satisfy my sweet tooth
On a high cause you
Keep me up all night
Keep me up all night
When you're jawbreaking the rules
Yeah you, you're my raspberry blue
Lightheaded cause you
Keep me up all night
Keep me up all night
When you're jawbreaking the rules

Don't know how
But, you comin' around
Is making my mouth water
Need a snack
Holding back from you
Keeps getting harder
You spin it and flip it
You're twisted, I'm with it
Designer, unzip it

Get it, you da hitter, and I wanna hit it now
Fizzy, feeling dizzy, gimme
Keep on holding down, boy
You want it, you got it
Can tell that you feel it
Gimme that sugar rush

You satisfy my sweet tooth
On a high cause you
Keep me up all night
Keep me up all night
When you're jawbreaking the rules
Yeah you, you're my raspberry blue
Lightheaded cause you
Keep me up all night
Keep me up all night
When you're jawbreaking the rules

You want it, you got it
Can tell that you feel it

Gimme that sugar
Rush, rush, rush, rush, rush

You satisfy my sweet tooth
On a high cause you
Keep me up all night
Keep me up all night
When you're jawbreaking the rules
Yeah you, you're my raspberry blue
Lightheaded cause you
Keep me up all night
Keep me up all night
When you're jawbreaking the rules
