

# Pandemonium

LIZ

A summer night in the basement  
We about to hit the lights 'n get bubblegum wasted  
My cousin Jesse on the 1s and 2s  
Yeah, we spinnin' up Britney like it's 2002

At the top of our lungs  
Tastin' youth with our tongues  
Oh, oh, oh  
We throwin' up hands while we throwin' up glitter

We get lost together  
We wanna live in chaos forever  
We go, we go, gold dusted dumb  
We go, we go, pandemonium  
We grow up, like never  
We wanna live in chaos forever  
We go, we go, gold dusted dumb  
We go, we go, pandemonium

I see a cutie by the bathroom  
And my popsicle's drippin' down my leg to my platforms  
I make it pop like a VHS  
Go dum-diddy-dum-dum, that's so fetch

At the top of our lungs  
Tastin' youth with our tongues  
Oh, oh, oh  
We throwin' up hands while we throwin' up glitter

We get lost together  
We wanna live in chaos forever  
We go, we go, gold dusted dumb  
We go, we go, pandemonium  
We grow up, like never  
We wanna live in chaos forever  
We go, we go, gold dusted dumb  
We go, we go, pandemonium  
We go, we go, pandemonium  
We go, we go, pandemonium  
We go, we go, gold dusted dumb  
We go, we go, pandemonium

Tight jeans, big dreams  
PG-13  
All play, no sleep  
Disco, whipped cream  
Tight jeans, big dreams  
PG-13  
All play, no sleep  
Disco, whipped cream  
Pandemonium

We get lost together  
We wanna live in chaos forever  
We go, we go, gold dusted dumb  
We go, we go, pandemonium  
We grow up, like never

We wanna live in chaos forever  
We go, we go, gold dusted dumb  
We go, we go, pandemonium  
We go, we go, pandemonium  
We go, we go, pandemonium  
We go, we go, gold dusted dumb  
We go, we go, pandemonium
