

## Say U Would

LIZ

Say you would, say you would  
Say you would, say you would  
Say you would  
Say you'd love me more than ever, oh  
Say you would, say you would  
Say you would, say you would  
Say you would  
Say we'd be as perfect as ever, if not better  
If I was your girl  
Nothing else would sound as good, just  
Say you would, say you would  
Say you would, say you would  
As if I'd met you now

How you been, let's keep it real  
Funny after all this time  
You still show that smirk as if  
I'm trouble it's alright, don't be shy  
Got about a hundred things  
That we could talk about back then, maybe not  
But, it's different now  
And, I'm so different now

Tell me you've been thinkin' 'bout me  
Wonderin' how it could be  
And if we ever had  
A chance to do it again  
As if I met you now

Say you would, say you would  
Say you would, say you would  
Say you would  
Say you'd love me more than ever, oh  
Say you would, say you would  
Say you would, say you would  
Say you would  
Say we'd be as perfect as ever, if not better  
If I was your girl  
Nothing else would sound as good, just  
Say you would, say you would  
Say you would, say you would  
As if I'd met you now

Remember Friday nights after the club  
Wait -  
Don't wanna reminisce about that  
'Cause it gets so embarrassing  
Thinkin' back to how it used to be  
When it was you and me  
But, it's different now  
And we're so different now

Tell me you've been thinkin' 'bout me  
Wonderin' how it could be  
And if we ever had  
A chance to do it again  
As if I met you now

Say you would, say you would  
Say you would, say you would  
Say you would  
Say you'd love me more than ever, oh  
Say you would, say you would  
Say you would, say you would  
Say you would  
Say we'd be as perfect as ever, if not better  
If I was your girl  
Nothing else would sound as good, just  
Say you would, say you would  
Say you would, say you would  
As if I'd met you now

You know, seein' you today  
Got me really thinkin' 'bout the way things used to be  
But, what I'm really wonderin' is  
If I had met you now

Tell me you've been thinkin' 'bout me  
Wonderin' how it could be  
And if we ever had  
A chance to do it again  
As if I met you now

Say you would, say you would  
Say you would, say you would  
Say you would  
Say you'd love me more than ever, oh  
Say you would, say you would  
Say you would, say you would  
Say you would  
Say we'd be as perfect as ever, if not better  
If I was your girl  
Nothing else would sound as good, just  
Say you would, say you would  
Say you would, say you would  
As if I'd met you now
