

## U Over Them

LIZ

First, let me say I ain't ashamed  
Of what we got here, babe  
It's difficult to keep us on the low  
More and more each day  
It's hard to hide when  
You make me smile  
I can't help but let it stay  
These urges just multiply each time  
I hear you say my name (I love it when you say my name)

To me, it's more important than  
What all the others think  
If they don't like it, I'm okay with that  
If you're ready I'm ready let's go  
Time we put ourselves first  
Don't pay 'em none  
It's just us

They can talk about  
They can talk about it  
But that won't change the way  
That I feel around ya  
No, there ain't no one who can take  
My love away from you  
It's you over them  
So let them run they mouth  
Run they mouth about us  
But there's nothing they can do  
To keep me from you  
And if there ever comes a time  
That I have to choose  
It's you over them

All this time you been mine  
We had to keep it undercover  
The stuff that's been really going down  
They don't know the half of it  
We've been so secretive  
I just wanna hold you and kiss you  
Without worrying' who sees us too  
Do it for the world to see  
Let 'em know your my bb

To me, it's more important than  
What all the others think  
If they don't like it, I'm okay with that  
If you're ready I'm ready let's go  
Time we put ourselves first  
Don't pay 'em none  
It's just us

They can talk about  
They can talk about it  
But that won't change the way  
That I feel around ya  
No, there ain't no one who can take  
My love away from you

It's you over them  
So let them run they mouth  
Run they mouth about us  
But there's nothing they can do  
To keep me from you  
And if there ever comes a time  
That I have to choose  
It's you over them

Boy you know it's you  
You're more important to me  
So let's give 'em something  
They can talk about  
This life's too short to front  
And hide when I want some  
You can't give me too much  
Just let them run they mouth  
Lemme paint the perfect picture  
Boo'd up on the warm sand with you  
Jodeci all in the background  
I'm freek'n you  
Perfect debut

They can talk about  
They can talk about it  
But that won't change the way  
That I feel around ya  
No, there ain't no one who can take  
My love away from you  
It's you over them  
So let them run they mouth  
Run they mouth about us  
But there's nothing they can do  
To keep me from you  
And if there ever comes a time  
That I have to choose  
It's you over them
