

Underdogs

LIZ

There's that tall poppy
Gotta mow her down
Blonde bitch, who she think she is?
This my town
Who she tryna be?
Where she get her sound?
Woof woof, I'm the big dog
I'll sniff you out

You push 'til you get your rush
'Til you spill my sugar and pour me out
You shoot, try to taste my blood
But all you're gonna get is double rainbows in your mouth

Later on you'll say you knew me
But you're not my homie, you're just a hoe
You'll ride my shiny pony
But guess what, bitch? I'm a unicorn
Bitch, I'm a unicorn
Bitch, I'm a unicorn

Fuck this, I'm gonna tell the truth now
Put last of everyone
Why should I leave it up to you now
When you don't ride for underdogs
The fucks up? I think you need to slow down
Let's keep it trill for real
Why should I leave it up to you now?
'Cause you don't ride for me, no
You don't ride for underdogs

"Who that white girl?"
"Who she think she is mobbin' in the scraper
Ridin' 'round gettin' it"
"She gotta gold chain, where she get that from?"
"On the block bitch"
I get mines, I'm slangin' bruhs

Later on you'll say you knew me
But you're not my homie, you're just a hoe
You'll ride my shiny pony
But guess what, bitch? I'm a unicorn
Bitch, I'm a unicorn
Bitch, I'm a unicorn

Fuck this, I'm gonna tell the truth now
Put last of everyone
Why should I leave it up to you now
When you don't ride for underdogs
The fucks up? I think you need to slow down
Let's keep it trill for real
Why should I leave it up to you now?
'Cause you don't ride for me, no
You don't ride for underdogs

Smokin' in the bathroom
Never been a bouncer

White syrup, serving like a waiter
Rap game alligator, rap game elevator
Inside my house Elizabeth Taylor wallpaper
Red monkey genes, rap game Crocodile Dundee in my dungarees
Drag your bitch to my bat cave
These are dungeon treats
I'm in my backyard on a tire swing
Riff!

Fuck this, I'm gonna tell the truth now
Put last of everyone
Why should I leave it up to you now
When you don't ride for underdogs
The fucks up?
I think you need to slow down
Let's keep it trill for real
Why should I leave it up to you now?
'Cause you don't ride for me, no
You don't ride for underdogs

You don't ride for me, no
You don't ride for underdogs
Underdogs, underdogs
You don't ride for me, no
You don't ride for underdogs
Underdogs, underdogs
Underdogs, underdogs (bitch)
Bitch
