

Wild Target

LIZ

I am a wild target
I am a wild target

I am a wild target, try and put me out
Try and track me as I'm dodging through this crowd
I am a wild target, try and shoot me down
If you can catch me tonight, I'ma turn you out

Better aim, 'cause I'm movin' so damn fast
Better aim, if you wanna get this
Then fire at me now

Fire at me now
Fire at me now
Fire at me now
Fire at me now
Fire at me now
Fire at me now

I am a wild target, try and put me out
Try and track me as I'm dodging through this crowd
I am a wild target, try and shoot me down
If you can catch me tonight, I'ma turn you out

Better aim, 'cause I'm movin' so damn fast
Better aim, if you wanna get this
Then fire at me now

Fire at me now
Fire at me now
Fire at me now
Fire at me now
Fire at me now
Fire at me now

I am a wild target
I am a wild target
