

## Devotion

Liza Anne

I'm gonna try because I need to  
Be the woman who doesn't need you  
Be the lady on the train all to herself  
Find the bits of me I shook off  
To appease you, oh just come on  
I like the things I like  
And that's alright

Devotion  
Return to me  
And who I was before I was in love  
I'll do anything for her now, she's my longest love  
Heyyy

I'm gonna leave because I need to  
Collect myself, I didn't mean to  
Disappear into a false autonomy  
I think I lost myself when I realized I was losing you

Devotion  
Return to me  
Who I was before I was in love  
I'll do anything for her now, she's my longest love  
Heyyy

Devotion  
Return to me  
Who I was before I was in love
