

It's Cool To Care

Liza Anne

Do you ever get bored keeping a straight face?
Is liking The Smiths before everyone else
Your only personality trait?
Is there more to you than what you're not into?

Are you really that pessimistic
Or do you just think it makes you interesting?

You don't have to drink the Kool-Aid, baby!
It's cool, it's cool, it's cool
You don't have to drink the Kool-Aid, baby!
It's cool, it's cool, it's cool to care!

Did somebody somewhere at some point tell you
There's no point - it's better to keep it inside
Who made you think that you can't cry?

I wanna see the real you
Don't you wanna see them, too?

You don't have to drink the Kool-Aid, baby!
It's cool, it's cool, it's cool
You don't have to drink the Kool-Aid, baby!
It's cool, it's cool, it's cool to care!

Ooh, aren't you tired of playing the part?
Of having to start all over with new friends
Because your old ones are starting to understand?
And now you're kicking everybody out again!

You don't have to drink the Kool-Aid, baby!
It's cool, it's cool, it's cool to care!
You don't have to drink the Kool-Aid, baby!
It's cool, I'm cool, you're cool, they're cool, we care!
