

# Hot Enough for You?

Liza Minnelli

Yeah!  
All right!  
Oh, wow!

Take a look at the world today  
You got violence and sex  
You got your movies rated X  
You got the devil with his hex

Flip the dial on your TV screen  
And it's ten to one you'll get  
A gun and bayonets  
And you ain't seen nothing yet

Mister, Mister  
Is it hot enough for you?  
Are you diggin' the action?  
How are you likin' the ride?

You're a payin' patron  
So is it hot enough for you?  
Since you're a customer  
You're entitled to be satisfied

Yeah!  
All right!  
Oh, wow!

Take a look at the world today  
You got pushers being plugged  
You got wires bein' bugged  
And you got your granny's being mugged

Flip the switch on your TV screen  
You got lawyers on the take  
You got your doctor's on the make  
Well, for goodness sake!

Mister, Mister  
Is it hot enough for you?  
Are you diggin' the action?  
How are you likin' the ride?  
You're a payin' patron  
So is it hot enough for you?

Since you're a customer  
You're entitled to your homicide  
You're entitled to your fratricide  
You're entitled to your genocide  
You're entitled to your blood and guts  
That's right  
You're entitled to your studs and sluts  
Sure  
You're entitled to you boobs and butts  
Why not?
