

I Can't Say Goodnight

Liza Minnelli

I don't know whether I'll love you much longer
I don't know whether, whether I can
But feeling like this on a hot summer's night
I'm cold and I'm tired and I've tried to but I can't say goodni
ght

And I don't know whether I need you so badly
I don't know if ever, if ever I did
Feeling like this on a hot summer's night
The wind in our eyes and I'm crying 'cause I can't say goodnigh
t

I can't say goodnight
I can't say goodnight

And I can't help thinking what we tried to prove
Though we may be sinking at least we saw it all through

And I don't know whether I'll love you much longer
I don't know whether, whether I can
But feeling like this on a hot summer's night
I need you beside me believe me 'cause I can't say goodnight

I can't say goodnight
I can't say goodnight

Can't say goodnight
I can't say
Goodnight
