Dream of a land my soul is from I hear a hand stroke on a drum

Elegant boy
Beautiful girl
Dancing for joy
Delicate whirl
Shades of delight
Cocoa hue
Rich as a night
Afro blue

Two young lovers dance face to face With undulating grace
They gently sway
Then slip away
To some secluded place

Whispering trees
Echo their sighs
Passionate pleas
Tender replies
Shades of delight
Cocoa hue
Rich as a night
Afro blue

Lovers on flight Upward they glide Burst at the height Slowly subside

And my slumbering fantasy assumes reality Until it seems it?s not a dream
The two are you and me
Shades of delight
Cocoa hue
Rich as the night
Afro blue

Oh shades of delight Cocoa hue Rich as the night Afro blue
