Gospel Medley

Lizz Wright

Oh I got a feeling that everything's going to be alright
Oh I got a feeling that everything's going to be alright
Oh I got a feeling that everything's going to be alright
Be alright, be alright, be alright

Hey my lord who done told me everything going to
Be alright
My lord done told me everything going to be alright

Oh the lord, he done told me everything going to
Be alright
Be alright, be alright, be alright
Hey the power, the power lord, the power, power
We need power, holy power
Power to live right, power to talk right
Power to love right, power, power, power
Just a little more power, just a little more power
Still just a touch this
Power, power, holy power, simplify power, power
Power, hey hey hey

Glory Glory, hallelujah since I've laid my burden down
Glory Glory, hallelujah since I've laid my burden down
Friends don't treat me like they used to since
I've laid my burden down
Friends don't treat me like they used to since
I've laid my burden down

I walk lighter, so much lighter since
I've laid my burden down
I walk lighter, so much lighter since
I've laid my burden down
Glory Glory, hallelujah since I've laid my burden down
Glory Glory, hallelujah since I've laid my burden down

Up above my head I hear music in the air
Up above my head I hear music in the air
Up above my head I hear music in the air
Well there must be, must be a god somewhere

Late in the night I hear music in the air
Oh late in the night I hear music in the air
In the small hours of the night I hear music in the air
There must be, must be a god somewhere

So I'm going to hold on just a little while longer
Hold on just a little while longer
Hold on just a little while longer
Everything's going to be alright
Everything's going to be alright

Pray on just a little while longer
Pray on just a little while longer
Pray on just a little while longer
Everything's going to be alright
Everything's going to be alright

I'm going to hold on just a little while longer
Hold on just a little while longer
I'm going to hold on just a little while longer
Everything's going to be alright
I know that everything's, I just know that
Everything's going to be alright
