

Leave Me Standing Alone

Lizz Wright

You wanna go back , well I'd rather not
Gave you all I had , gave you all I got to give

You had my time , trusted my soul
But it'll be the same play , till I grow old

I want to get higher but you made me low
You made me wonder which way to go
It could have been good , instead it was wrong
All I want from you , is leave me standing alone

I had to run away , I had to get free
Find my own life , for me to be me

So if you're feeling wry , if you're feeling lost
Don't look to me to help you pay the cost

'Cause I want to get higher but you made me low
You made me wonder which way to go
It could have been good , instead it was wrong
All I want from you , is leave me standing alone

Just leave me , leave me , leave me standing alone
Yeahyeh
Go on leave me , leave me , just leave me standing alone
Yeahyeh

Go take your road , the one you know
And don't worry 'bout me , or the way I go

When you get home , and you walk free
Just look up , you'll gonna find me

'Cause I want to get higher but you made me low
You made me wonder which way to go
It could have been good , instead it was wrong
All I want from you , is leave me standing alone

Yeah just leave me , leave me , leave me standing alone
Yeahyeh
Go on leave me , leave me , leave me standing alone
Yeahyeh
Go on leave me , leave me , leave me standing alone
Yeahyeh
Go on leave me , just leave me , leave me standing alone
Yeahyeh
Just leave me , leave me , leave me standing alone
Yeahyeh
Go on and leave me , leave me , leave me standing alone
Yeahyeh
