

# Lost In The Valley

Lizz Wright

Lost in the valley, I was lost in the valley  
Lost in the valley so I climbed up a mountain  
Climbed up a mountain, oh, I climbed up a mountain  
Climbed up a mountain to get lost in the sky

Tell me when I can start again  
I'll get it right this time  
Send me where the sunlight bends  
I'll find it by and by

Lost on the mountain, I was lost on the mountain  
Lost on the mountain 'til I saw how the crow flies  
Saw how the crow flies, oh, I saw how the crow flies  
Saw how a crow flies and I took to the sky

Tell me when I can start again  
I'll get it right this time  
Send me where the sunlight bends  
I'll find it by and by

Free when I'm flying, oh, I'm free when I'm flying  
Free when I'm flying 'til I saw the horizon  
Saw the horizon, how I wanted that horizon  
Saw the horizon so I made for that line

Tell me when I can start again  
I'll get it right this time  
Send me where the sunlight bends  
I'll find it by and by
