

Surrender

Lizz Wright

Baby what's the matter?
Come and stay with me a while
Don't you wanna know, the why?
We've been at this thing for a long time

Baby where you going?
Why so far away
You been on the run
Why don't you rest yourself, and stay?
Stay inside there's good company

Surrender to me my love
Stop looking back
On something you've been dreaming of
Surrender, surrender, surrender
You are mine

I got one question baby
How much can you stand?
Knowing all you know
And still waiting to take a hand
It's been a hole in you for so long

Surrender to me my love
Stop looking back
On something you've been dreaming of
Surrender, surrender, surrender
You are mine

Surrender, surrender, surrender
You are mine
Surrender, surrender, surrender
You are mine
Surrender, surrender, surrender
You are mine
Surrender, surrender, surrender
You are mine
Surrender, surrender, surrender
You are mine
Surrender, surrender, surrender
You are mine
Surrender, surrender, surrender
You are mine
