Uh
Uh, yeah

I'm a bad bitch in real life, I'm that bitch in real life
I make too much money to be fightin' hoes in real life (True)
I'm outside in real life, hoes love me in real life
If you really know me, then you know a bitch is too nice
Thick bitch in real life (Ooh), my nigga fine in real life (Ooh)
I'm so pretty, baby (Ooh), I'm so glamorous, I'm so fire (Ooh)
Throw ass in real life (Ooh), have fun in real life (Ooh)
I can't let no comment section ever fuck with my vibe

Woo (Just shake that ass, bitch, and let me see what you got)
Woo (Just shake that ass, bitch, and let me see what you got)
Woo (Just shake that ass, bitch, and let me see what you got)
(Just shake that ass, bitch, and let me see what you got)

Can't be no fake bitch
If it's real, keep it real, we the only ones
Just make it shake, bitch
I don't care what you wear if we havin' fun
Don't feel heartbreak, bitch
Turn it up, turn it up like a temperature
Ain't nothin' to play with
If you feel how I feel, let me feel you up

Diamonds dancin', chain is bouncin', dick inside me, I need that
Titties up, I need attention, favorite eater, call me back
Weak hoes can't stand me, high demand where your man be
I go commando, no panties at the door 'cause I'm ready
Safety off and I'm ready
Automatic, I'm ready
Jabberjaw if you let me
Tiger paw, the grip is so Jet Li
Oh, don't test me, yeah
Don't test me, yeah
Just get me off, oh

This for my people, uh, my party people
This is for my people, uh, my party people (Throw it back)
This is for my people, uh, my party people (Throw it back)
This is for my people, uh, my party people (Throw it back)

Can't be no fake bitch
If it's real, keep it real, we the only ones
Just make it shake, bitch (I love ya)
I don't care what you wear if we havin' fun
Don't feel heartbreak, bitch
Turn it up, turn it up like a temperature
Ain't nothin' to play with
If you feel how I feel, let me feel you up
