

Long May They Haunt Us

Lizzy Borden

Just a little bit out of reach
When I see you in my dreams
From the past, I can't outrun
To the edge I wanna go

Put an end to the sorrow
Raining tears a-drown my soul
Remember all our tomorrow's
Let's have one more for the road (never leave)

Long may they haunt us
Long may they stay, never go
Hide away, hide in the shadows
Long may they haunt us
Long may they live within our soul
Dream away, make it like before

Just a little beyond my reach
Love leaves more than a memory
From the silence of the gloom
We have lost, or gone too soon
Washed away in white mist dreams
I drink to you, My Midnight Things
Forget whatever never brings
May your glass always be full (we believe)
