

# Ceilings

Lizzy McAlpine

Ceilings, plaster  
Can't you just make it move faster?  
Lovely to be sitting here with you  
You're kinda cute but it's raining harder  
My shoes are now full of water  
Lovely to be rained on with you  
It's kinda cute but it's so short

Then you're driving me home  
And I don't wanna leave  
But I have to go  
You kiss me in your car  
And it feels like the start of a movie I've seen before  
Before

If I ever decide to show you this  
Like when we end up getting married in like 10 years  
And we're about to have kids or something, I don't know  
That's far-fetched but  
If you ever listen to this, you're great and thank you for being you  
The end

Bed sheets, no clothes  
Touch me like nobody else does  
Lovely to just lay here with you  
You're kinda cute and I would say all of this  
But I don't wanna ruin the moment  
Lovely to sit between comfort and chaos  
(I don't even know what I'm saying anymore, it's 1: 30 in the morning)

But it's over  
Then you're driving me home  
And it kinda comes out as I get up to go  
You kiss me in your car  
And it feels like the start of a movie I've seen before

But it's not real (Not real)  
And you don't exist  
And I can't recall the last time I was kissed  
It hits me (hits me) in the car  
And it feels like the end of a movie I've seen before  
Before
