Honeydew

Lizzy McAlpine

Wait for me when I go
Live in color but don't forget my aching soul
I can see the blue moon
Late at night, I wonder if you see it, too

I feel lost without you
Maybe you do, too
I feel like I'm no one
Maybe I'm like you
Faith and honeydew

I'm alone and you're not here (not here)
You can't run to me and comfort all my fears (all my fears)
Maybe that's a good thing though
Not dependent on someone else to help me grow

I feel lost without you
Maybe you do, too
I'm so much like you

I don't know how to get through this
I don't know what to do
Maybe if all these mountains drifted to you
Do you know if the sky is falling?
Do you know when it hits?
And all these mountains fall before their names hit your lips
Our love cannot grow when it's suffocated
Not right now, but we both know, time will mend the craters
I tell myself that I don't
Mind this space but behind this face I'm lost

I feel like I'm no one
Maybe I'm like you
Faith and honeydew
