I Know A Boy

Lizzy McAlpine

I know a boy
He likes to laugh
His brain is mess
But I like it like that

I know a boy
He tastes like the moon
Hangs up the stars
That dance 'round my room

We paint by numbers
But color outside the lines
We don't do what we should
We beat to our own time

Baby
Love can be so damn magical
Hey we
Are already lovesick
And flower pickin'
Daisies and roses
We're doing fine
Baby
Our roses
Are intertwined

I know a boy
And he is mine
Mmm
