Lizzy McAlpine

(Haha)

(Yeah, yeah yeah)

Pour me up a glass of whiskey  
Refill it all the way to the top  
I know that you wanna kiss me  
If I let you, you could fuck me up

Day and night you get her love  
Obviously you're tied up  
Baby, you can use my cuffs (Cuffs, cuffs)  
She's a bad bitch I agree  
Jealousy looks good on me  
I'll let you take it off of me  
Oh, oh but

I know that you came with her  
But if you'd like to leave with someone new  
I could be dessert  
You just say the word and I'll come through  
I know you know the things I've heard  
Do you wanna show me if they're true?  
This shit probably hurts  
Knowing that I'll never cry for you  
Oh, you fell in love with me? Oops!  
Hmmm

You just stare as she walks towards us  
High heels and whiskey in her cup  
I know that you wanna touch her  
If I let you that would fuck me up

Night and day you get my love  
Obviously it ain't enough  
You know that I play it rough, whoa  
I'm a bad bitch I agree  
Jealousy looks good on me  
I'll let you rip it off of me

It looks like you came with her  
But if you'd like to leave with someone new  
I could be dessert  
You just say the word and I'll come through  
I know you know the things I've heard  
Do you wanna show me if they're true?  
This shit would probably hurt  
If I did the same damn thing to you  
Oh, you fell in love with me?  
Oops!

You got attached, now you need it  
Send me a text, I'll delete it  
That picture I sent, you can keep it  
'Cause I don't really care that much  
You fuck with her and I see it  
Mess with my mind for no reason  
You play with knives now you're bleedin'

But I don't really care that much, whoa

'Cause I know that you came with her  
But if you'd like to leave with someone new  
Go ahead and flirt (Go ahead and flirt)  
Don't have to say a word, I'm watchin' you  
You know I know the things you've heard  
And now you realize that they're all true  
Baby, it'll hurt (It'll hurt babe)  
Soon you'll know the crazy shit I do

Oh, you fell in love with me? (Oh, you fell in love with me)  
Oh, you fell in love with me? (Oh, you fell in love)  
Oh, you fell in love with me?
