

# waiting

Lizzy McAlpine

I can't wait to take you around the world  
With me  
I can't wait for you to get back home  
So we can pack up and leave  
I don't know why this scares me so much  
I've been through this before  
Maybe I'm realizing that this is nothing like before  
But something about this is different  
Now I know for sure  
It's crashing down on me  
Like a wave hits the shore

I'm packing up my pieces  
Letting it all fly with the wind  
For you, for you  
I'll feel  
But so what  
Who cares  
If I'm just throwing my life away  
I'll be with you  
I'll be with you  
And home will always be  
Home will always be  
Waiting for me  
When I get back home  
When I, When I, when I  
Get back home  
I can't wait for magical stardust in the sky  
One of these days  
I'll pack up and start a new life

Hey, you over there  
Why don't you come over here  
Tell me about your dreams  
I'll tell you about my schemes  
Are you afraid  
Scared of wanderlust  
Don't break the news  
Let's just adjust

I'm packing up my pieces  
Letting it all fly with the wind  
For you, for you  
I'll feel  
But so what  
Who cares  
If I'm just throwing my life away  
I'll be with you  
I'll be with you  
And home will always be  
Home will always be

Packing up my pieces  
Letting it all fly with the wind  
For you, for you  
It's always for you  
But so what

Who cares  
If I've thrown my life away  
I'll be with you  
I'll be with you  
And home will always be  
Home will always be  
Waiting
