

Where Do I Go?

Lizzy McAlpine

I am good with directions
I can find my way just by looking at stars
I have not lost my senses
I can find my way through a room in the dark

But I don't know
How to figure out where to go
From here

I'm lost and confused
Where do I go without you?
Where do I go without you?

I'm the breeze on a fall day
And I don't stop to think, I don't catch my breath
I have memorized places and feelings
I know them all like the back of my hand

And I don't know
How to figure out where to go
From here

And now I'm alone on this island
I drink so I don't think of you, oh oh
And now I'm alone
I don't know if this was the right thing to do

Where do I go without you?

I wanna tell you I miss you
But that contradicts what I told you before
I wanna tell you I love you
But do I really know how I feel anymore?

And I don't know
How to figure out where to go
From here

I'm lost and confused
Where do I go without you?
Oh, where do I go without you?
