

# My Other Life

Lloyd Cole

Clearly you can see that I am bleeding  
Clearly you can see my clothes are torn  
Clearly this demands an explanation  
Only I can offer none

My other life

Witnesses have placed me at the crime scene  
Forensic evidence concurs  
Samples taken from under my fingernails  
Support the prosecutions case

My other life

Analysis failed to find a motive  
Hypnotists have failed to break the code  
Journalists are camped out on my doorstep  
Per chance that I might slip and drop the key

To my other life

Welcome to my made for TV movie  
I look strangely placid on the stand  
You can be the judge and do the jury  
Consider please the allegations

My other life

I slip away to my other life  
With no regret or remorse  
Happy and gay in my other life  
No need to wake me Monday morning  
From my other life
