

All I Need

Lloyd

Oh shit, oh shit
It's another hit, get up on it
I'm so horny and I want it
So get up on this, get up on the dick

I want you to know how deep my love goes
I ain't gotta a lot of time, no speech, just follow
Some tricks in and up my sleeve at the magic show
Got your body on top of me, all around, in and out you go
These stars come from within before I knew your name
It's curious that you know that you feel the same
And it's sees, my love, your face after most anything
Serious, girl, I know, I know games

I'mma take you out, freak you out, bust my gun and take the charge
As long as you say my name every time I break you off, girl, I'll

Give you what you want, 'cause your love is all I need
I might turn you on and all the things I do
Girl, you're making me 'cause your love is all I need
And you gonna make that sound from all the things you do

Take a break as we escape to my Decatur, love
Girl, you're wet as a dream
And I'm ready to break you off
I switched up, my routine is something you never saw
I'mma make you scream all night long
When I look into your eyes I know it's real
Spend my whole life tryina find a way to show you how I feel
You're the only one on my mind and you know the deal
Make you feel alright, girl, you know I will

I'mma take you out, freak you out, bust my gun and take the charge
As long as you say my name every time I break you off, girl, I'll

Give you what you want, 'cause your love is all I need
I might turn you on and all the things I do
Girl, you're making me 'cause your love is all I need
And you gonna make that sound from all the things you do

Oh shit, oh shit
It's another hit, get up on it
I'm so horny and I want it
So get up on this, get up on the dick

I wanna take you out, freak you out, bust my gun and take the charge
As long as you say my name every time I break you off, girl I'll
