

Angels

Lloyd

Heaven put an Angel at my side
With wings like shelter in the night
Just hold me close for a little bit longer
Stay with me 'til the morning flight

Maybe I'm a fool to fall for angels
Maybe I'm a fool to fall for angels
Maybe I'm a fool to fall for angels
'Cause they always fly away

Fly on angel go be free
Wont you come back home and dance with me
Hold me close just a little bit longer
Until heaven calls you away from me

Maybe I'm a fool to fall for angels
Maybe I'm a fool to fall for angels
Maybe I'm a fool to fall for angels

Give me wings to fly away
Like Icarus I'm having a bad day
See your shadow on the sun
as you're flying far away

Maybe I'm a fool to fall for angels
Maybe I'm a fool to fall for angels
Maybe I'm a fool to fall for angels
'Cause they always fly away
