

Do It Again

Lloyd

Do It Again

If we do it one time
We gonna do it two times
And then three times
And then four times
And then we rewind
And do it one more time
Let's do it again
Let's do it again

Baby, feeling of me thinkng about you is driving me crazy
Coz I just wanna give you all this love
And I hate it
When I have to wait oh baby I'm tryna be patient
But my heart is in a rush
I want you, I need you
Right now, baby right now
I can't do, without you
Na nah, baby I'm so gone, girl I

Girl I think I'm falling, and I don't wanna get up
And even if I'm dreaming, I don't wanna wake up
Tell me can I have you baby, 365 oh yeah
Coz everytime we touch, I be in a trance and I just wanna do it again
Oh baby can we do it again
Oh baby can we do it again
Oh baby can we do it again
Oh baby can we do it again
Oh baby can we do it again
Oh baby can we do it again
Oh baby can we do it again
Oh baby can we do it again

When I wake up
First thing that I wanna do is see your face girl
Oh you be looking so good, don't need no make up
And everytime you go away I want you to stay girl, right here girl
Coz I want you, I need you
Right now, baby right now
I can't do, without you
Na nah, baby I'm so gone, girl I

Would I be wrong if I ask for one more
If I say ee ii, would you say oh oh
Cool like ice t she hot like cocoa
Shawty got em picture perfect frame like photo so
You make me waana do it again
Wake up in the morning yeah do it again
Sweatin by your job at lunch break you in
And let you know what you gonna give when you get home
Baby we can lead our lives on
(If you wanna) Make our own movie on your phone
(If you wanna) How about one more time for the road
If you wanna, you wanna, yeah yeah you wanna
It aint no secret shawty you the one I'm falling for

Late night flight you the one I'm calling on
Aint no comparison she's something that I've never known
Something that I never know, know know
