

# Feel So Right

Lloyd

Ummmmmm  
Hey  
Ohhhh oh yeah  
Ummm umm  
Look

Oh miss lady  
These sexual thoughts keeps rushing through my mind  
All I wanna do is touch you(touch you, touch you)  
Because the feelings that I feel so hard to fight  
But I ain't trying to rush you (rush you, rush you)  
Even though I'm only in your town for one night  
I got enough time to rush through the drill  
Girl tell me how you feel deep down inside  
Yeah  
Cause I'm trying to make you feel

Make you feel so right  
Whenever your body's lying next to mine  
It's gonna get loose  
Let's take it through the roof  
Cause you know that you're the truth  
Girl you're extra fine  
Cause I'm trying to make you feel  
Make you feel so right  
Whenever your body's lying next to mine  
It's gonna get loose  
Let's take it through the roof  
Cause you know that you're the truth  
Girl you're extra fine  
Yeah

Girl your lips your eyes  
Your hips your thighs  
Is so hypnotizing  
This feeling inside of me  
Is steadily rising  
Girl I know  
Baby girl I know  
Your love I'm trying to hold on to  
Why don't you just let go  
Loose control  
It's all on you

So shorty just relax your mind  
Sit back and let's unwind  
I promise it'll feel real good  
Just let me massage your spine  
Cause baby there's no need to rush  
We got no where to go  
Take your time  
And you see by the end of our escapade  
I'll make you mine
