

# Feelin' You

Lloyd

Yeh  
I feel so cool babe  
Hmm yeh

Said I'm rolling down the Ave with a bunch of cash in my duffel bag  
On the way to my bachelor paa to pop a few tag and hide my stash  
Then I'm out the door with my foot on the gas moving fast trying not to crash

Damn sure hope this party blast so I can see shawty shake her ass  
I see her posing on the corner with a red lollipop in her hand  
Gettin' noticed by every man horns is blowing from every van  
So I walked over and I told her I wanted to know if she can  
Shake the chunk that's in the trunk  
Shawty let's dance

Cause I love the way you walk  
In them high heel shoes  
And I love the way you talk  
Girl I'm feeling you  
Ain't no more I can take  
Is how you move  
And baby I cant wait till I'm feeling you

Shawty the way I feel  
She walks by me is incredible  
It's what she must know Nat King Cole  
Cause her back is unforgettable  
She's so  
Off the chain  
With that thang from a far  
Aint no doubt she's a superstar  
Girl I need to know who you are  
The Club is jumping  
Music's pumping  
And it's extra packed from wall to walls  
It's not a lot of room to move it all  
As we make out move to the ball  
She's truly raw  
To the point where I'm nothing but a jaw  
And I truly naw  
Can't feel shit like I was hit by a moving car yeh

Cause I love the way you walk  
In them high heel shoes  
And I love the way you talk  
Girl I'm feeling you  
Ain't no more I can take  
Is how you move  
And baby I cant wait till I'm feeling you

So let my mind blown while she throwing in the back  
Same way the DJ do with the track  
If I breaking, and shaking, and making it clap  
Going from my lap down to blown ?  
She on the dance floor don't know how to act  
Girl lets go home  
I got crone on the lac

Your bad to the bone  
Can I get with that oh  
Im smoked out zoning  
And she looking at me like she want me  
Telling me to hurry come to jump ta boning  
To the booty up  
Shes tryna blown it  
And I got enough room to be comfortable come spend the morning  
Shawty your body is potent  
Can I get a dose

Cause I love the way you walk  
In them high heel shoes  
And I love the way you talk  
Girl I'm feeling you  
Ain't no more I can take  
Is how you move  
And baby I cant wait till I'm feeling you
