Lloyd

Oh bobo, oh bobo don't cry, don't cry bobo, daddy loves you my man
It's gonna be alright man
Oh my baby boy, my baby boy

I've been in the streets all my life
Never knew what real love felt like
Not until you open your eyes
Until infinity my heart will be for ya
Until infinity, oh I'll be here for ya
Until infinity my heart will be for ya

Leave you, never, that's why it's me and you forever
Blue [?], just know that we can be together
It felt like heaven ever since the first day I met ya
That is why Lord blessing us
Lost many years to the streets chasing cheddar
Know streets by their heart, Friday work, green the ladder
Don't be like me, no I need you to be better
Better than I ever was

I've been in the streets all my life
Never knew what real love felt like
Not until you open your eyes
Until infinity my heart will be for ya
Until infinity, oh I'll be here for ya
Until infinity my heart will be for ya

Running these streets, you ought to learn so many lessons
I counted here many and I thank the Lord for all my blessings
And how to think about the good times when I'm stressing
Over things I can't control
Used to cry at night thinking of how I lost my dad
Then you gave me something never never had
That's why I know I'm good, because I love you so bad
Every bottom of my soul

I've been in the streets all my life (I've been in the streets all my life)
Never knew what real love felt like (what real love felt like)
Not until you open your eyes (your eyes)
Until infinity my heart will be for ya
Until infinity (until infinity), oh I'll be here for ya (oh)
Until infinity my heart (until infinity my heart) will be for ya

I've been in the streets all my life (oh I've been in the streets)
Never knew what real love felt like (never knew what love was like to me)
Not until you open your eyes (open your eyes, now I can see)
Until infinity my heart will be for ya (oh my heart will be for ya)
Until infinity, oh I'll be here for ya (oh I'll be here for ya)
Until infinity my heart (until infinity my heart) will be for ya

Oh I've been in the streets
Never knew what love was like to me
You open your eyes, now I can see
Oh oh yeah
Oh I've been in the streets
Never knew what love was like to me
See, open your eyes, now I can see

Infinity

Ain't no love like the one I got
Never knew what real love until you open your eyes
Ain't no love like the one I got
I love you until infinity

Ain't no love like the one I got
Never knew what real love until you open your eyes
Came into my life now my eyes can see
That's why I love you until infinity

That's why I love you until infinity
