

Let Me Know

Lloyd

Look at miss lady over there
Dancing on the speaker
Never seen a body like that
I couldn't help but to stare at her
I never seen an ass so phat
And the way that she move is drawing me closer
Like gravity just taking me over
Check my jeans and my shoes before I approached her
Excuse me but I gotta know

Can I take you for a ride let me show you around
In the south side let me show you how I hang out
LET ME KNOW, JUST LET ME KNOW
From L.A to the A I'm a show you round
We can chill for a minute then it's back to the lob
LET ME KNOW, JUST LET ME KNOW

Come make all my dreams some true girl
I'll spend my life lovin you (LOVIN YOU)
So gimme the chance to romance yah baby
Do what ever you want to do
Just show me the way that you move girl
Collect your dancing shoes
Cause I wanna dance the night away
Hope you feel the same way too

And if you down to ride
Girl I'm gonna give it to yah
You know I'm gonna put it on yah
And if you down tonight
We could go cruisin

Can I take you for a ride let me show you around
In the south side let me show you how I hang out
LET ME KNOW, JUST LET ME KNOW
From L.A to the A I'm a show you round
We can chill for a minute then it's back to the lob
LET ME KNOW, JUST LET ME KNOW

Cause I do feel yah (I KNOW YOU FEEL ME)
