Before you run on home
Ring, ring, ring your phone

Open up the door Baby, I'm knock knockin' 'Cause I wanna take a ride in your love spaceship 'Cause I wanna take a ride in your love spaceship I'm gonna open up the door And let your love inside Got so much more in store, baby Do you want to ride? I could tell by the look in your eyes That I'm turning you on Come stay another night I don't wanna be alone And I know it may sound crazy But you really got me gone I just can't help it, baby I'm in the zone You make me wanna buy your love So you'll be all my own Ring, ring, ring your phone Girl, can you come over? Open up the door (Oh) Baby, I'm knock knockin' (I'm knocking) 'Cause I wanna take a ride in your love spaceship (Come ride) Open up the door (Oh) Baby, I'm knock knockin' (I'm knocking, so let me in) 'Cause I wanna take a ride in your love spaceship, boy (Do you wanna ride?) I wanna take you to the moon 'Cause you're my shiny star My spaceship goes soon Ha! You don't need no car Wanna be with you darling You're always on my mind Come over stop stalling Ain't got a lot of time Yes, I know it may sound crazy But I wanna make you moan Baby, I'll satisfy you Till your mind is strong Do anything to try your love
