

# Raincoats

Lo Moon

Now it's all gone way too far  
I don't understand who we were  
Under raincoats, I don't feel alone

All the fairytales we've bought  
All my dreams lost in the dark  
Under raincoats, I don't feel alone

Is there no better way, is there no way to save us  
Just take my hand  
No there's always a chance  
Under raincoats, I don't feel alone

Watch me as I run, watch me as I run to the edge of this

Listen to my heart  
Listen to my heart beat, is it too fast, am I too far?  
Oh here I go again  
Oh here we go again

Listen to my heart  
Listen to my heart beat, is it too fast, am I too far?  
Oh here I go again  
Oh here we go again

Oh here we go again

Listen to my heart  
Listen to my heart beat, is it too fast, am I too far?  
Oh here I go again  
Oh here we go again

Listen to my heart  
Listen to my heart beat, is it too fast, am I too far?  
Oh wanna I go again  
Oh wanna go again

Oh here we go again  
Oh here we go again  
Oh here we go again  
Oh here we go again

Now here we are stuck right in the middle of it  
Now here we are stuck right in the middle of it  
Now here we are stuck right in the middle of it  
Now here we are stuck right in the middle of it

Now here we are stuck right in the middle of it  
Now here we are stuck right in the middle of it  
Now here we are stuck right in the middle of it  
Now here we are stuck right in the middle of it
