

# This Is It

Lo Moon

Parallel love  
Innocently vacant  
On the edge of breaking  
Shouldn't keep me waiting  
Yesterday's drugs  
Should never be taken  
I fell into rotation  
Surrendered mistaken

This is it!  
This is it now!  
This is it!  
This is it!  
This is out now!  
This is it!

I'd kill the hallowed cow  
Holding on impatient  
But nothing left is sacred  
There's no way to save this

This is it!  
This is it now!  
This is it!  
This is it!  
This is out now!  
This is it!  
This is it!  
This is out now!  
This is it!

Put me out  
Outta my cage  
Outta my brain  
Out in the sunshine

This is it!  
This is it now!  
This is it!  
This is it!  
This is out now!  
This is it!  
This is it!  
This is out now!  
This is it!
