

# Wasting Away

Lo-Pro

I'm wasting away  
Waiting for you again  
But I can't escape  
I just can't break through

All the days I  
All the days I've watched for you  
Are all the ways I've  
All the ways I've lost you

And I'm wasting away  
Waiting for you again  
I'm wasting away  
Waiting for you again

I can't explain  
I can't explain why  
I'm here again  
In spite all the pain  
of everything I lost to you

And I'm wasting away  
Waiting for you again  
I'm wasting away  
Waiting for you again

I'm not far away  
From letting go of you  
To leave you while I can

I'm wasting away  
Waiting for you again  
I'm wasting away  
Waiting for you again

And I can't escape
