A slow burn
I won't admit it's over

Faded black
Real blur
I won't admit it's over
A day's a night away

The path you seek
It's what we want
Empowers me
Our mouths to feed
Blinded by greed
I know this isn't how it's supposed to be

I have wasted all my time on you
Something's gotta change now
Something's gotta change now

The secret fades away
I will plead
The rain has come
A tyrant runs its course
Satisfaction
Satisfaction
Spirits wild and free

I have wasted all my time on you
Something's gotta change now, change now
Something's gotta change now, change now

Take every moment
It's fine by me
Take the whole world apart
It's all I need
Take every moment (Take it all)
It's fine by me (Fine by me)
Take the whole world apart (Take it all)
It's all I need (Fine by me)
