

## In Awe

## Loathe

Red liquid  
Fell in  
Slow mo  
On the carpet

As I watched you from far  
Away

Such a wonderful picture

In circles  
And awe  
I can feel  
You

In circles  
And awe  
I can feel  
You

Transparent  
You are  
I can't hold  
You near

And I won't  
Capture  
Moments  
Like this  
Descent

I've watched from afar for a while  
Compared yours to mine  
Broadcasting a lie  
No one shows the true side

In circles  
And awe  
I can feel  
You

In circles  
And awe  
I can feel  
You

Transparent  
You are  
I can't hold  
You near

And I won't  
Capture  
Moments
