

She Knows Something

Lobo

She smiles and takes my hand so gently
Then orders me around so confidently
It makes my knees start to shake
It's more than I can take

'Cause every now and then I get the feelin'
She knows something that I don't
She knows something that I don't know

The look I see in her eye you know it scares me
It seems she's lookin' my way and seein' right through me
It makes my mind go to sleep
To know I'm in so deep

I know I'd do most anything she asks me
I guess that's just love and that's the way it should be
It makes me happy inside
But she's got somethin' to hide
