

Candy

Loïc Nottet

I am the mad, I'll be the last
Falling for your sweet appearance
Little did you know, when I'm all alone
Fantasizing how I kill ya, oh
I get a little high knowing how you'll die
Now you know my worst desire, oh
Pushing you in burning fire, oh
I wanna see you try to run

I've turned into a psycho
Welcome to the freakshow
Wanna hear you cry when I
Tie you up!
But I made a breakthrough
That I need to end you
Now I'm gonna get to say
Light it up!
You're tryna make amends, can you please speak up!
I'm kidding I don't care, can you please shut up!
You wanna see tomorrow
Did you get the info?
You will never see the light
Time is up!

I'll be the final thing you'll see
So bitch shut up!
Can we drink to the past
Fill your cup or your glass, cheers to that!

Witch bring me back my candy!
Can you feel my shot shot shots?
You're begging me cause you're weak
Now I'm laughing ha ha ha!
I'm covering up my ears
Singing "na na na" to see you
Screaming for your life a bit louder
I don't give a fuck you liar
Bring my candy

Hey Doctor, can I talk to you
'Cause I really really really believe in you
I'm sorry you didn't follow through
So the evil clown in me killed you too

Hey Doctor, can I talk to you
'Cause I really really really believe in you
I'm sorry you didn't follow through
So the evil clown became a loon

Let me ha ha ha
Now I'm laughing, fool!
Your wicked days are done
Ready for your final breath I won't be gentle
I was never ever able to grow
You have made me the fool that I am
Crazy!
You have broken my sweet happy end

Sorry!

My revenge has been carefully planned to send you back to hell

Witch bring me back my candy!

Can you feel my shot shot shots?

You're begging me cause you're weak

Now I'm laughing ha ha ha!

I'm covering up my ears

Singing "na na na" to see you

Screaming for your life a bit louder

I don't give a fuck you liar

Bring my candy

Bring me back my candy bitch!

Bring me back my candy bitch!

Bring me back my candy bitch!

'Cause you will never never never never stop

Bring me back my candy bitch!

'Cause you will never never never never stop

Bring me back my candy bitch!

'Cause you will never never never never stop

Bring me back my candy bitch!

Witch bring me back my candy!

Can you feel my shot shot shots?

You're begging me cause you're weak

Now I'm laughing ha ha ha!

I'm covering up my ears

Singing "na na na" to see you

Screaming for your life a bit louder

I don't give a fuck you liar

Bring my candy

Candy, candy, candy, candy, candy, candy bitch

Candy, candy, candy, candy, candy, candy witch

Candy, candy, candy, candy, candy, candy bitch

Bring me back my candy

Bring me back my candy
