

Beyond the Valley of Snakes

Local H

Send the priest right over, rover
I'm calling a draw
Took my demons out of the freezer
And they're beginning to thaw

So take your ball and go home
It's not fun anymore
Go do your drugs all alone
Not fun anymore
Communicating in groans
Fall flat on the floor
It's no fun anymore
It's no fun

Here it comes again

Where there's a will there's a way
Beyond the valley of snakes
A perfect day for decay
Beyond the valley of snakes
Beyond the valley of snakes
You know they ain't worth their salt
The fucking pig is their fault
Beyond the valley of...

Send the freak right over, baby
Order a whore
You're deep in your ruin and you're
Ready to flip

So take your ball and go home
It's no fun anymore
Go do your drugs all alone
No fun anymore
Suck all the meat off the bone
Fall flat on the floor
It's no fun anymore
Go choke your chicken

Here it comes again

Where there's a will there's a way
Beyond the valley of snakes
A perfect day for decay
Beyond the valley of snakes
You're in a valley of snakes
The chosen keepers of gates
Beyond the valley of snakes
So keep the heathens at bay
Where there's a will there's a way
You know they ain't worth their salt
The fucking pig is your fault
Beyond the valley of snakes

Beyond the valley of snakes
Beyond the valley of...

Beyond the valley of snakes
Beyond the valley of snakes
You know they ain't worth their salt
The fucking pig is our fault
So keep the heathens at bay
Where there's a will there's a way
You're in a valley of snakes
Beyond the valley of snakes
Beyond the valley of snakes
Beyond the valley of snakes
Beyond the valley of...
